PLEDGE

India is my country
All Indians are my brothers and sisters
I love my country and
I am proud of its rich and varied heritage
I shall give my parents, teachers and
all elders respect and treat
everyone with courtesy.
To my country and my people
I pledge my devotion.
In their well being and prosperity alone
Lies my happiness.

"I want my children to understand the world, but not just because the world is fascinating, and the human mind is curious. I want them to understand it so that they will be positioned to make it a better place"

Semester Grade Point Average (SGPA)

Credit Points for the paper = Number of Credits assigned for the paper X Grade Point secured for that course/Paper.

SGPA indicates the performance of a student in a given Semester. SGPA is based on the total credit points received by the student in all the courses and the total number of credits assigned to the courses/papers in a Semester.

Note: **SGPA** is computed only if the candidate passes in all the papers (gets a minimum 'C' grade in Theory and 'B' grade in Practicum Papers)

$$\text{SGPA} = \frac{\text{Total Credit Points secured in the Semester-I/II/III/IV}}{\text{Total Credits secured in the Semester- I/II/III/IV}}$$

Cumulative Grade Point Average (CGPA)

CGPA refers to the Cumulative Grade Point Average weighted across all the semesters (4 Semesters). CGPA is obtained by dividing the total number of credit points (CPTs) secured in all the semesters by the total number of credits in all the Semesters. The final result at the end of all the semesters is declared in the form of CGPA.

Note: CGPA is calculated only when the candidate passes in all the papers of all the semesters.

CGPA =

$$\frac{[\text{SGPA of I Sem.} \times \text{Total credits of Sem. I}] + [\text{SGPA of II Sem.} \times \text{Total credits of Sem. II}] + [\text{SGPA of III Sem.} \times \text{Total credits of Sem. III}] + [\text{SGPA of IV Sem.} \times \text{Total credits of Sem.
