

## ST. ANN'S COLLEGE OF EDUCATION (Autonomous)

Accredited by NAAC with 'A' Grade: 3<sup>rd</sup> Cycle

S. D. Road, Secunderabad, Telangana 500003

### INTERNATIONAL WEBINAR ON INTELLECTUAL PROPERTY RIGHTS (IPR) on: 29.10.2021 organized by: IQAC

IPR in the field of Higher Education primarily focuses on the policy towards promoting innovations and creativity by awakening the entrepreneur within the teacher fraternity. The University Grants Commission, the nodal authority for determining and maintaining standards of University Education in India has mandated the inclusion of IPR as a generic elective subject under the Choice Based Credit System. The National Institutional Ranking Framework acting as a mechanism for educational institutions in promoting innovations, research and development has brought within the ambit of IPR: educational services and products such as publications, professional practices and educational processes to be accorded the same protection as other industries.

Inventions, literary and artistic works, designs and symbols, names and images used in commerce are protected under the IPR nationally and globally enabling individuals to earn recognition and/or financial benefit for inventions and creation.

Although IPR is established in other areas, its scope and implications on teacher education in the Indian context with emphasis on administration and management for human capital development is made possible through this Webinar. The College is initiating a platform in collaboration with ATA College Limited from Australia to bring about awareness on the application of IPR within the educational sector.

### OBJECTIVES: To

- create awareness of economic, social and cultural benefits of IPR among teachers;
- understand the implications of IPR on designing pedagogies;
- strengthen administration and management of IPR;
- expand institutional human resources and capacities for teaching, research and skill building through IPR.
